

PRESS RELEASE

ELEGANT YACHTS

Elegant Yachts is offering a new concept to chartering yachts and offers a unique product suited to the client's individual needs. A private yacht conjures up the most sublime experience imaginable, which can truly be realised on board one of the state of the art vessels.

The yachts are picked for their pedigree, style, security and comfort, and the choices run from open boats, fast, fun and fashionable or even a fly bridge for more space – whatever the requirement, the best yacht is selected to suit needs and budget. The most reputable of crews are selected, and each professional Captain and crew is fully qualified in order to deliver the highest standards of safety, service and comfort.

Elegant Resorts are renowned for providing a bespoke and highly personal service, and the experienced sales team can recommend an a la carte yachting itinerary around the South of France, or even venturing as far as the Italian Riviera, Sardinia or Corsica. They can also arrange private jet transport to and from the UK, and private luxury chauffeur-driven transfers to and from the yachts – ensuring all the stress and strain is taken away from the very start of the trip.

The fleet is based in the South of France, and these sleek and sophisticated yachts offer every conceivable home-comfort with plenty of deck space for dining, sunbathing, relaxing or enjoying a massage or beauty treatment. The large lounge is equipped with flat screen TV and full entertainment system including Wifi and Internet connections - and the cabins are all en-suite providing an overall atmosphere of refined, yet classic luxury. Each yacht has its own highly-experienced crew who attend to every need yet manage to remain unobtrusive – they can provide a packing and unpacking service and also create a range of mouth-watering dishes served whenever desired (and all included in the overall price of the charter). The knowledgeable crew have a wealth of local information which enables them to tailor-make itineraries to suit every need, encapsulating areas such as Beaulieu, Cannes, Monaco, Antibes and St Tropez. They can also make suggestions and even arrange access to local beaches such as Club 55, shopping at local designer boutiques, dinner at exclusive restaurants or clubs such as Caves de Roy, watersports such as water-skiing, snorkelling and jet-skiing, even arrange a fully qualified nanny on board for those travelling with a family - the list is endless.

Finally, for those wishing to extend their holiday - the Elegant Resorts sales team can suggest a range of superlative resorts along the French or Italian Riviera - and create the most wonderful combination of languishing on board a sun-drenched yacht with additional relaxation time on terra firma.

All yachting experiences include the charter of the yacht and crew; return luxury airport transfers; fuel for 3 hours cruising per day; port fees; all meals and all watersports on board (fuel is extra) and gratuities. **For a unique personal quote please contact Elegant Yachts on 01244 897516.**
